

Your generous donation to the Colorado Bioscience Institute (the Institute), 501(c)3 non-profit, will help support a variety of programs that work to create a strong bioscience workforce and support increasing and diversifying Colorado's life science innovators of the future.

The Institute provides education, workforce, and career development for life science professionals, companies, students, and educators related to the bioscience industry in Colorado.

Your donation could offset the cost of:

Placing a 6th-12th grade teacher with professional learning opportunities: company tours, panel discussions, guest speaker engagements, etc. Supporting over 150 teachers annually primarily from underserved schools. (Employee engagement opportunities)

\$5,000-10,000/company

Supporting 6th-12th grade students with company engagement opportunities connecting a diverse student audience to the life sciences ecosystem at an earlier age through tours, guest speakers, project based learning challenges and judges, science fair judges, Girls in STEM events, etc. (Employee engagement opportunities)

\$5,000-10,000/company

P-TECH collaborative preparing students for a bioscience manufacturing career and providing them the opportunity to graduate with both a high school diploma and an Associate's degree free of charge (Employee engagement opportunities)

\$6,000/company

Support a great networking event for Undergraduates, Graduates, Post Docs and local Colorado Bioscience companies

**\$3,000 connects
300+ students to 30 companies**

Supporting the undergraduate mentor program serving 50+ students annually (Employee engagement opportunities)

**\$2,500 suggested
mentor company donation**

Workforce development and leadership training costs serving over 250 Colorado life sciences employees annually.

Supporting the Institute also allows you access to a variety of volunteer community engagement opportunities for your employees and to overall inspire and create the Colorado Bioscience talent pipeline of tomorrow.
