

EMPLOYEE ENGAGEMENT OPPORTUNITIES

CLASSROOM

Building a skilled, diverse workforce begins by engaging our future workforce—our youngest students.

- ✔ Offer a four-week summer residency for educators as part of the Research Experience for Teachers (RET) program.
- ✔ Serve as a distinguished guest speaker for both educators and students alike.
- ✔ Open doors for teachers and students to explore through company tours.
- ✔ Lead engaging and comprehensive teacher training sessions.
- ✔ Provide expertise as a judge for local science fairs.
- ✔ Collaborate as a P-TECH partner company, extending mentorship, organizing mentor events, and facilitating internships for high school students.

CAMPUS

Help us build a connected community of students, educators, and life sciences professionals.

- ✔ Mentor undergraduate to postdoctoral students.
- ✔ Serve as a guest speaker at industry showcases.
- ✔ Offer insights as a guest speaker for virtual campus events.
- ✔ Host tours for undergraduate and graduate students.

CAREER

From early-career to executive education, we support career growth with life sciences-specific professional development.

- ✔ Open to C-level executives: Mentor emerging leaders within the ecosystem.
- ✔ Serve as a host company for leadership trainings, typically accommodating 15-25 participants.
