

# SUPPORT LIFE SCIENCES TALENT

The Colorado BioScience Institute relies on the support of our ecosystem to cultivate and diversify Colorado's life sciences workforce, from classroom, to campus, to career.

## CLASSROOM

Building a skilled, diverse workforce begins by engaging our future workforce—our youngest students.

- ✓ Provide \$5,000 per teacher for Research Experience for Teachers (RET) Program.
- ✓ Sponsor virtual teacher training at \$25,000 for a comprehensive program (\$1,250 per teacher), or in-person training ranging from \$50,000 to \$75,000 (\$2,500 to \$3,750 per teacher).
- ✓ Make general contributions toward teacher training at any amount, with a minimum of \$2,500 required for recognition on the website.
- ✓ Support the Institute as a P-TECH partner company starting at \$7,500.

## CAMPUS

Help us build a connected community of students, educators, and life sciences professionals.

- ✓ Make contributions of any amount to support campus programs. A minimum of \$2,500 is required for recognition on the website.

## CAREER

From early-career to executive education, we support career growth with life sciences-specific professional development.

- ✓ Starting at \$10,000, become recognized as the program sponsor. Training specifics and sponsorship level to be discussed.

## SPONSOR AN EVENT
